

# MARKET ACCESS SERVICES

21 February 2019

TESTING SERVICES DEPARTMENT

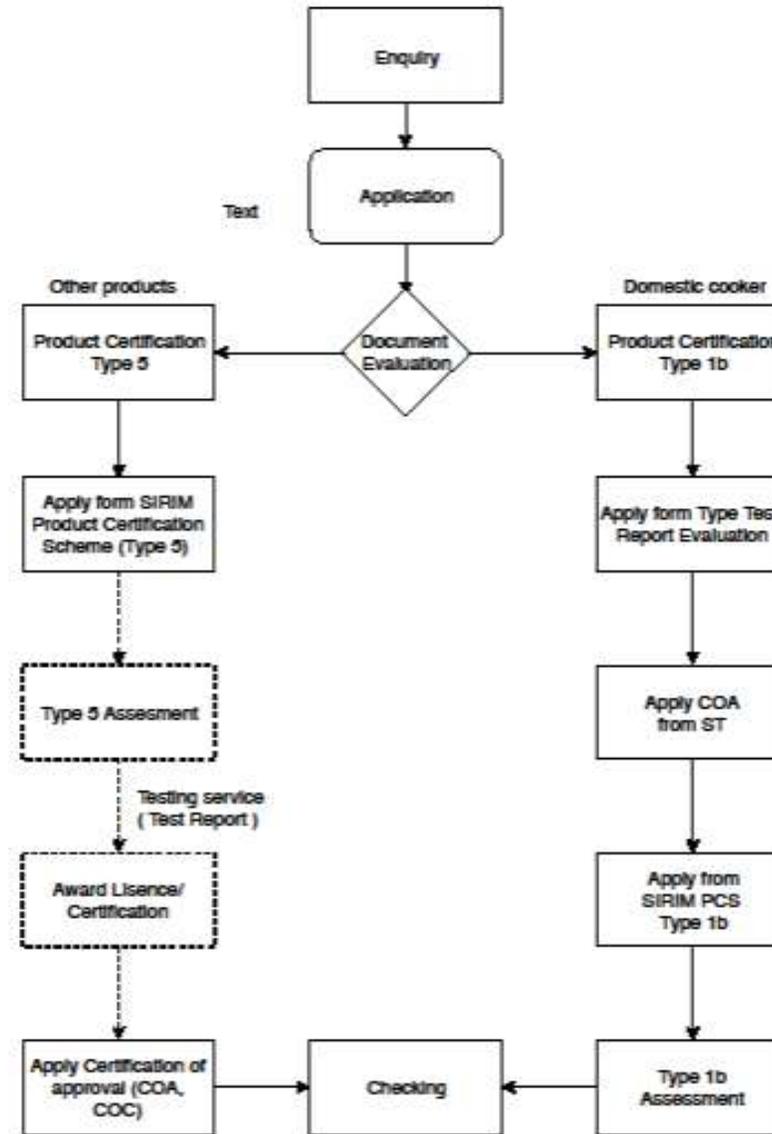

**A service to assist companies towards  
implementing excellent business culture  
through *Certification, Inspection and  
Testing***

- ❑ The market access service, together with *testing* and *product certification* services provide **a one-stop solution** for companies
- ❑ Companies will be guided to comply with the necessary legal requirements, relevant product safety and performance requirements

# Market Access Services for Domestic Gas Cooker

- ❑ **For import consignment (Type 1B)** – assist company to apply for import consignment until the issuance of SIRIM labels
  
- ❑ Companies will be guided on the necessary regulatory and standard requirements to ensure products placed in the market comply with the applicable requirements
  
- ❑ Advise and arrange for product to be tested in recognised accredited test labs

- ❑ Provide advise to companies whether test reports (from overseas lab) are acceptable for certification and ST's CoA
  
- ❑ **For Product Certification(Type 5)** – advise companies on Product Certification requirements, assist companies in application procedures for Product Certification
  
- ❑ Apply CoA from ST (or other regulatory agencies) on behalf of the companies
