

## Drive Efficiency and Competency in Automotive Aftermarket Services

### Get Certified Today!

Is your company involved in the automotive aftermarket industry? Get certified with 4R2S today and accelerate your business growth.

4R2S defines requirements for services provided in the automotive aftermarket sectors. This covers:-

#### 4R based on MS 2697:2018

- The repair, reuse, recycle and remanufacture of vehicle parts and components.
- End of life vehicle services.

#### 2S based on MS 2696:2018

- Minor and major repair and maintenance activities
- Auto air conditioning and tyre services
- Body panel, painting and smash repair
- Auto glass replacement and repair

By instilling best industry practices, you can improve efficiency in the delivery and quality of services. Also, enhance your brand image by showcasing compliance with relevant regulatory requirements.
