

Stand out from the rest

Alcohol-based sanitisers have quickly become a necessity in our daily life. Amid safety and health concerns, manufacturers can assure consumers that their products are quality for use and sufficiently effective to protect users from bacteria and viruses based on the following standard:

SIRIM 42: 2020, Alcohol-Based Hand Sanitisers for General Hand Hygiene – Specification

SIRIM QAS is proud to announce that we now offer product certification services for alcohol-based hand sanitisers for general hand hygiene. We can verify that your products comply with relevant quality standards.

Enhance your product confidence with the SIRIM Certification Mark

Demonstrate that the product is manufactured in compliance with GMP requirements.

Product quality complies with the National and International standards.

Gain a competitive edge in the market.
