

Malaysia's Leading Testing, Inspection and Certification Body

Safeguard Your Business with SIRIM QAS International- The Premier IECEx Certification Body in Southeast Asia

Workplace safety is an issue that concerns all stakeholders – from employers and employees to regulators. And workplace explosions are one of the most devastating accidents – in terms of costs to lives, health and business.

In fact, one key economic area has workplaces that are considered Ex hazardous areas. This is none other than the oil & gas (O&G) sector, which contributes 20% to the national GDP. Refineries as well as offshore rigs are also considered as Ex hazardous areas.
