Malaysia's Leading Testing, Inspection and Certification Body

Access to a World of Opportunities with the IECEE CB Scheme

IECEE CB Scheme

Exporting your electrical and electronic products is now easier and less time-consuming with the IECEE CB Scheme by SIRIM QAS.

As a recognised CB Testing Laboratory (CBTL) and the only National Certification Body (NCB) in Malaysia, SIRIM QAS offers testing and certification as part of the international IECEE CB Scheme framework.

Aside from providing assurance of product conformity with relevant IEC standards, CB Test Certificates and Test Reports issued by SIRIM QAS are accepted by participating CB Scheme member countries worldwide, giving you access to multiple markets without the hassle of undergoing multiple testing or product assessment.

We are pleased to announce that our services now also include Electromagnetic Compatibility (EMC) testing.
