

Optimise Your Plant and Industrial Facilities' Maintenance Safety

At SIRIM QAS, we understand the safety is pertinent to your everyday operations. Maximise efficiency and optimise the maintenance of your plant and equipment by reducing costly downtimes that might impede your business growth.

Our Engineering Inspection Services provide independent third-party inspection on new construction components and in-service equipment based on regulatory requirements, codes and guidelines.

We are fully gazetted by the Malaysian Department of Occupational Safety and Health (DOSH) as the Inspecting Authority under the Factories and Machinery Act, 1967 (Act 139).
