## **Trade Facilitation**

### **The leader in eServices for trade facilitation**

The world of trading is complicated. With hundreds of transactions involving multiple agencies, we help to make these transactions fast, accurate and meaningful.

#### **National Single Window**

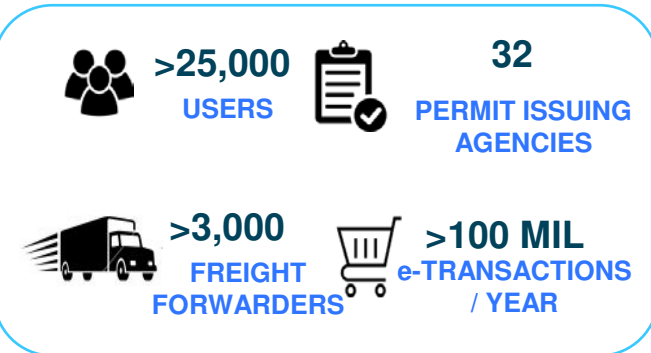

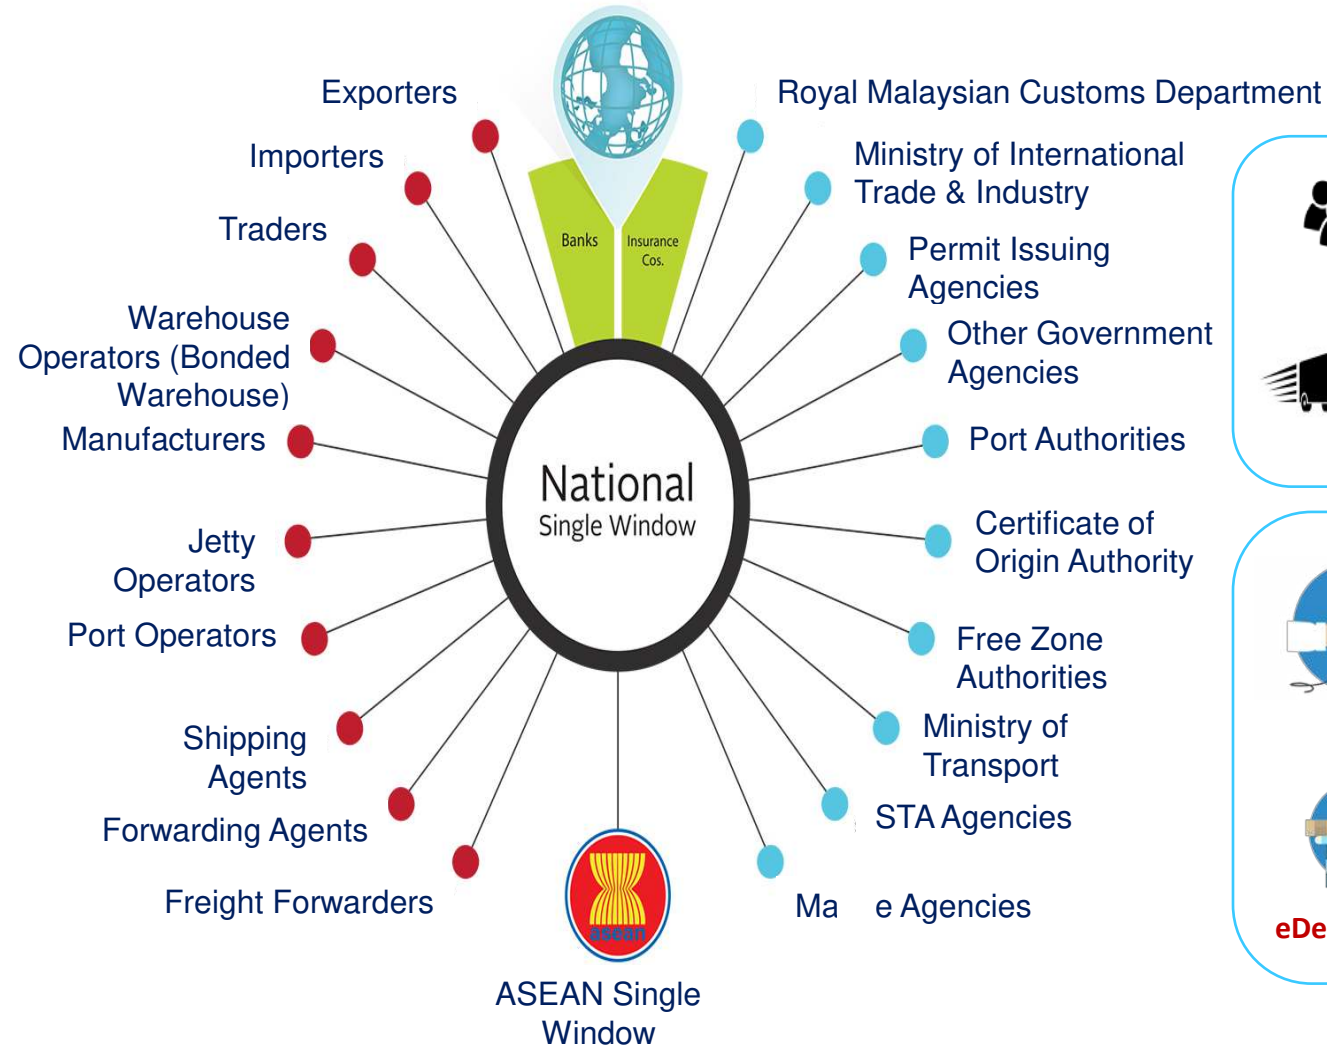

Through our subsidiary Dagang Net Technologies Sdn Bhd “Dagang Net”, DNeX combines a wealth of knowledge and operational know-how to provide eServices for Trade Facilitation. We are the operator of Malaysia’s National Single Window, which facilitates electronic Customs-related transactions and duty payments, and electronic document transfer between members of its trading community.

Today, close to 100 million electronic transactions and approximately RM8 billion worth of Customs duty payment are transacted annually through our proven infrastructure system. From logistics to manufacturing, retail to government, we serve a diverse range of customers, gaining valuable expertise to fully capitalise on e-Commerce, helping customers run their business faster and more accurately.
