

SQASI/ECIS/10/1

Date: July 13, 2022

To Our Valued Licensees,

TRANSFER OF OWNERSHIP OF PRODUCT CERTIFICATION SCHEME FOR FOREIGN LICENSEES

In accordance with Regulation 98 from Guideline for Approval of Electrical Equipment issued by Suruhanjaya Tenaga (GP/ST/No.14/2017), the Product Certificate License owner for products regulated by ST shall be issued only for manufacturers and/or importers with valid CoA and CoR. The license owner shall be a company with valid CoR and CoA, and name and address in the license shall be in line with ST CoA. Therefore, for all Regulated Product by ST, the CoA holder, and the PC Licensee are required to be identical.

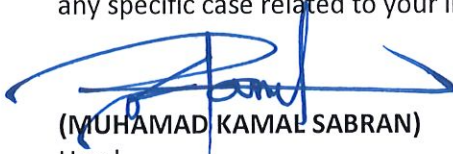

In conjunction with that, all SIRIM PCL Foreign Licensees (for ST Regulated Products) shall ensure their license to be hold by local company in Malaysia, in line with ST's requirement. SIRIM-ST label will not be issued to company without valid ST CoR and CoA. Only registered agent or consultant registered by CoA holder can conduct the process on behalf of them.

SIRIM recommends Transfer of Ownership of the licenses from Foreign Licensee to ST CoA Holder (Local agent) with following conditions:

- i) Transfer of ownership shall be agreed by both parties i.e., Foreign Licensee and ST CoA Holder (Local Agent).
- ii) ST CoA Holder shall have proof of legal entity such as SSM Certificate and/or License from Local Authority to ensure the validity of physical premises.
- iii) Number of New PC License for transfer of ownership is based on current CoA Holder(s) in the same license.
- iv) New license Fee is RM3000.00 (including Renewal Fee) per license and shall be paid during submission of change of ownership application.

This will take effect immediately.

Please contact the project officer responsible for your license / certificate for any further enquiries or any specific case related to your license.
