

Malaysia's Leading Testing, Inspection and Certification Body

A Technology designed system to provide the perfect solution for hot work enclosure in hazardous areas

The Welding Habitat System includes electrical equipment that is certified to operate safely in hazardous areas. This equipment enables effective management and reduction of risks associated with hot work tasks. SIRIM QAS International can inspect the system, including the Pressurized Hot Work Enclosure, to ensure traceability and compliance with IEC Ex hazardous area requirements. At SIRIM QAS International, we understand that safety is pertinent to your everyday business.
