

# SARAWAK BRANCH

**CERTIFICATION & TESTING SERVICES**

**Your Trusted and Reliable Testing and  
Certification Services Provider**

**SIRIM QAS International is Malaysia's leading certification, inspection and testing body. Realising its need to support industry players at State/ Regional level, SIRIM QAS International took the opportunity to expand its network of branches and facilities throughout Malaysia. Strategically located at Demak Laut Industrial Park, our Sarawak Branch Office is ready to serve industries that would like to showcase their product's compliance against National/ International standards and regulatory requirements.**

## **Our Services**

### **1. Consignment Batch for Imported Electrical Products**

As an alternative to Product Certification Scheme, importers and traders may apply for SIRIM-MUT label for their imported electrical product through our Consignment Services. Our consignment service provides quick and convenient solution for importers and traders of electrical products to have their import consignment checked for compliance with the relevant standard and regulatory requirements. Products that passed the consignment inspection and test are required to be affixed with SIRIM-MUT labels.

#### **Typical Products tested:**

- Household products/appliances such as rice cooker, kettle, oven, toaster, iron, vacuum cleaner, hair dryer, blender, fan, washing machine & etc.
- Wiring accessories
- Audio video equipment
- Miniature circuit breaker (MCB) and Residual current breaker (RCCB)
- Motor operated tools

## 2. Mechanical Testing Services

SIRIM QAS International has been entrusted as the competent body to issue a Certificate of Approval (CoA) for imports of iron and steel in the non-construction sector. The CoA indicates that the import consignment has undergone and complies with relevant inspection and testing requirements. Our laboratory provides comprehensive mechanical testing services that can facilitate the application of CoA.

SIRIM Berhad Sarawak region has been appointed as the regulatory body for handling the testing of gas equipment by the Sarawak Ministry of Utilities & Telecommunications. SIRIM Sarawak can offer consignment testing of Domestic Gas Cooking Appliances according to BS EN 30-1-1:2008 Standards. The type of testing done is on soundness & obtaining input rates.

Typical Product Tested	Type of Testing	Testing Facilities
<ul style="list-style-type: none"><li>● Metallurgy</li><li>● Pipe and Fittings</li><li>● Highway guardrails</li><li>● Reinforcing Steels</li><li>● Structural Steel and Section</li><li>● Domestic Gas Cooking Appliances</li></ul>	<ul style="list-style-type: none"><li>● Tensile strength Test</li><li>● Elementary Analysis/ Chemical</li><li>● Composition test</li><li>● Compression test</li></ul>	<ul style="list-style-type: none"><li>● Universal testing machines (200KN and 1000KN)</li><li>● Arc Spectrometer</li><li>● Wet Gas Meter</li><li>● Digital Air Flow Manometer</li></ul>

## 3. Consignment Batch for Domestic Gas Cooking Appliances

Importers and traders of Domestic Gas Cooking Appliances in Sarawak may apply for SIRIM label for their imported gas cooking product through our Consignment Services. Our consignment service provides quick and convenient solutions for importers and traders of electrical products to have their import consignment checked for compliance with the relevant standard and regulatory requirements. Products that passed the consignment inspection and test are required to be affixed with SIRIM Labels.

## Why SIRIM QAS International?

Our Laboratories are accredited with ISO/IEC 17025 by the Department of Standards Malaysia (STANDARDS MALAYSIA) under the National Laboratory Accreditation Scheme (SAMM), which demonstrates our credibility and capabilities in performing wide range of testing services. With our long years of experience, highly technical and professional personnel and comprehensive testing facilities, SIRIM QAS International offers extensive range of services and reliable test report for your certification and testing needs.
